An Integrated Multiple Objective Approach To Watershed Protection and Restoration

OPEN HOUSE EVALUATIONS MAY 19, 2010

All response to the Open House was positive making our first major event a success. Other agency staff indicated we had done a great job with the Open House, indicating that there were lots of great questions from residents and positive interactions. They also said it was very helpful to meet stakeholders who all were very excited about the project. The set-up looked good, we had lots of visuals, and people paid attention throughout the hour-long presentation. We had good participation from staff, stakeholders and the general public. People were engaged, appreciated the opportunity to become more informed, and special kudos to Dennis Nelson for his interesting talk.
